

**The Bureau of Justice Assistance
and
The National Center for State Courts**

are pleased to announce the **Drug Court Evaluation Training Workshop** to be held on:

June 15-16

at

**Westin Southfield-Detroit
1500 Town Center
Southfield, MI 48075
800-WESTIN-1**

The purpose of the Drug Court Evaluation Training Workshop is to assist drug courts in all phases in designing, planning, and implementing an evaluation of the operations and/or effectiveness of their program.

Each of the Evaluation Training Workshops will be interactive in nature and contain three tracks so that each drug court team can select the curriculum that is most closely linked to its court's current evaluation needs. The tracks will focus on the following three areas of evaluation:

Track A General overview of drug court evaluation concepts and strategies.

Track B Conducting an internal drug court evaluation/monitoring the drug court.

Track C Using an external drug court evaluator.

Overall Target Audience

This workshop is designed for teams of drug court professionals from individual drug courts. It is anticipated that potential team members may include the following: drug court coordinator, person charged with conducting/overseeing the drug court evaluation, and a drug court judge. Also, a drug court may want to consider including someone on its team who is responsible for presenting evaluation findings to funding sources in order to secure non-Federal funds (e.g., county commissioner, clerk of courts, etc.). The team composition will vary depending upon the interests and needs of the drug court professionals in a given drug court. Drug courts in the planning stage are encouraged to participate.
